2026 Latino Leader Fellowship Program Information

The LIDERAMOS **2026 Latino Leader Fellowship** experience is for leaders who are ready to deepen their leadership practice, expand their impact, and grow in community with peers across the country. Through our partnership with the **Center for Creative Leadership (CCL)**, fellows participate in the acclaimed **Leadership Development Program (LDP®)**—a 5-day immersive, research-backed experience designed for mid-level leaders navigating complexity, responsibility, and change.

The program includes intensive, personalized assessments, innovative exercises, peer feedback, and one-on-one leadership coaching to help reinforce learning and transformation.

Participants learn to:

- Bridge the gap between senior management and the front lines
- Accelerate team performance organizationally and globally
- Build a toolkit to develop resiliency and enhance impact, leveraging various roles and intersecting identities
- Build a network of support to continue personal and professional development for leaders
- Develop skills to elevate equity, activate diversity, and lead more inclusively

Beyond the training, this fellowship is about connection and practice. Fellows bring their learning back to their teams, organizations, and communities, while building lasting relationships through mentorship, peer learning, and national networking opportunities. The journey culminates with the **LIDERAMOS National Symposium** where fellows engage in 3-days of Latino Leadership development programming, inspiring keynotes and more.

We invite directors, managers, and staff who identify as Latino/a/x and are committed to strengthening their leadership and community impact to apply. This application will help us learn more about your leadership experience, your goals, and how this fellowship can support your next chapter of growth.

If you have any questions, please reach out to info@lideramos.org.
